Examiner: Shamin Ahmed

Title: A GLASS PRODUCT FOR USE IN
ULTRA-THIN GLASS DISPLAY
APPLICATIONS

RESPONSE

Commissioner for Patents
Alexandria, VA 22313-1450

RESPONSE TO EXAMINER'S RESTRICTION REQUIREMENT

In the Office Action dated 05/06/2005 in the above-captioned application, the Examiner issued a Restriction Requirement identifying the following groups of claims as being drawn to potentially distinct inventions:

Group I. Claims 1-18 and 38-41, drawn to a product, classified in class 349, subclass 139+;

Group II. Claims 19-37, drawn to a process, classified in class 216, subclass 24.

The Examiner asserted that these inventions may be regarded as independent and distinct from one another because Inventions I and II are related as process of making a product made.

Applicants elect Group I, claims 1-18, 38-41, drawn to a product, without traverse.

Applicants believe that no extension of time is necessary to make this Response timely. Should Applicants be in error, Applicants respectfully request the Office grant such time extension pursuant to 37 C.F.R. § 1.136(a) as necessary to make this Response timely, and hereby authorizes the Office to charge any necessary fee or surcharge with

respect to said time extension to the deposit account of the undersigned firm of attorneys,
Deposit Account 03-3325.

Please direct any questions or comments to Kevin M Able at (607) 974-
2637.

Respectfully submitted,

Date: 5/12/05
